5. (Internal Use Only - MG) BRIEFING Received a call from Steve Vaccariello, in the office of Senator S. I. Hayakawa (R., Calif.), who asked if either 6 April or some day in the week of 18 April would be convenient for the breakfast briefing of Senator Hayakawa. After checking Admiral Turner's schedule through [redacted] OLC, I suggested 21 April to Mr. Vaccariello, which he said would be fine.

6. (Internal Use Only - PLC) LIAISON Called Craig Pettibone, ~~Civil Service Commission~~, in response to his inquiry, and explained that the Agency's decision to credit Social Security to CIARDS annuitants reemployed by the Agency was based on the fact that they held positions not subject to the Civil Service system. Pettibone noted that if the Commission reverses its ruling and finds that CIARDS annuitants reemployed in Government are eligible for retirement benefits under the Civil Service system, then any amounts paid under Social Security would have to be refunded and no credit could be given for the period worked. Also, such persons would be found eligible for Civil Service benefits from the first day of their reemployment. Pettibone also felt that reemployed CIA annuitants in another agency would be eligible for a recomputation for all Federal service, including service with CIA. He urged that the Agency review carefully the present status of reemployed CIARDS annuitants in Government and the impact on them should the Commission reverse its policy. I discussed the call with [redacted] Deputy Director of Personnel, and he called Mr. Doyle, at the Civil Service Commission, to arrange a meeting to discuss this matter fully. He requested that I attend and that I brief [redacted] OGC, who will also be attending.

7. (Unclassified - LLM) LIAISON Called Paul Daly, FBI, and got further facts concerning the lost briefcase.

8. (Unclassified - LLM) LIAISON Following my conversations with Bob Gambino, D/Security, and [redacted] O/S, I called Bill Miller, Staff Director, Senate Select Committee on Intelligence, to obtain immediate access to copies of the contents of the "lost briefcase." Miller said they would like to excise some parochial matters. I said we understood as long as what was excised did not add anything to our damage assessment appraisal. [redacted] was advised.
